Call For Presentation

GITW2022 DEC.17th

The GITW is a global inter-university workshop in the field of Information and Communication Technology (ICT). One of the key objectives of this workshop is to give students an opportunity to present their achievements in English and to discuss their research topics with other universities in the world. Additionally, the faculty members can exchange academic information and promote international joint projects during the workshop. As results of this activity, we hope to promote exchanges among faculty members and students, and to use this as future proposals for foundation based upon international research cooperation. It also includes many possibilities, such as proposals for large international research funds and international standardization activities. The GITW2022 will address challenges with realizing ICT over the various sectors including technology and applications.. The typical areas are shown below, but not limited to them.
